

RON HUNTINGTON BIOGRAPHY**RON HUNTINGTON**

Ron brings over 30 years of entrepreneurial business development, ownership and general management experience in a varied range of industries to help clients effectively resolve their most pressing business performance issues.

A Business Coach and Consultant since 1990, in 1998, Ron formed his own General Business Management Consulting Company. Over the next two years he developed a unique mix of executive education programs, The Birkman Direct Methods and the work of The Open Organization. His firm, Executive Mentors and Trainers (EMT), places emphasis on improving working relationships and financial performance through enhancing leadership aptitude and managerial skill sets while achieving effective levels of teamwork and life balance.

An accomplished public speaker and author of the book *Strategic Business Planning*, his strong facilitation background has served Pacific Northwest, National, and International clients including Microsoft, Group Health Cooperative, Weyerhaeuser Realty Investors, Boeing, and the National Association of Homebuilders to name a few.

Executive Summary:

Ron Huntington is owner and Senior Consultant to Management at EMT. His management experience began in the restaurant industry expanding to financial investments, marine fisheries, transportation industry marketing, real estate development and professional education. Ron parlayed his extensive expertise and experience into consulting and advising clients seeking to improve business profitability and performance and personal growth.
