

CHRIS KENNY BIOGRAPHY**CHRIS KENNY**

Chris practiced business law for two international law firms and retains his license to practice law in New Mexico. As a business leader, Chris guided a closely held enterprise back to profitability during a period of tremendous market uncertainty. As an entrepreneur, he helped launch a successful human resource management company.

Chris's passion is to help purpose-driven leaders create organizations that change the world. To do that, Chris applies his unique ability to help his clients identify what matters most to them. He then uses the 7 Attributes of Agile Growth® model to deliver the clarity his clients need to make great decisions for themselves and for the organizations they lead.

Chris is certified by the WHY Institute to help individuals discover their personal and business WHY – a key component in helping business leaders find meaning in their work and in their life. Chris knows that if a leader gets the People Decision correct (the right people, in the right seats, doing the right things, for the right reasons), a majority of the leader's headaches disappear.
